59						Darkwing ASV (incl Y/face & Golden Face)	Green or Blue Series						60		
61						AOV Non Standardised Variety (incl Y/face & Golden Face)	Green or Blue Series						62		
63						Variable Class -	As per ANBC Standard						64		

* When placing entries please ensure you state whether Any Age, Old, Young, Nestfeather or Juvenile birds are being entered.

* Green Series includes Light, Dark, Olive and Grey Green.

* Blue Series includes Skyblue, Cobalt, Mauve, Violet and Grey.

* All classes are in accordance with the **ANBC Standard and Matrix - Amendment 1 of 2012**

* Multiple factor birds exist in many combinations. Therefore , if the schedule does not list a certain colour/variety combination then these birds will go into the AOV and Non Standardised classes. Refer ANBC Standard colour matrix for combinations.

* Any bird carrying multiple factors will only be eligible for awards which can be directly taken by the particular class in which they are entered.

* If you have a bird carrying multiple variety factors, please refer to the colour matrix from the ANBC Standard to see what class you can enter your bird in. For example, if you have a bird that is visually a Dominant Pied, Opaline, Cinnamon, Yellowface and Grey you would check to see the highest section number in the matrix and if all the other factors are included, then that is the class to enter the bird in. In the instance of the bird described, Dominant Pied (sect 16) is the highest, included is Opaline (sect 11), cinnamon (sect 9) Yellowface (sect 3) and grey (sect 2), so therefore in this instance you would enter this particular bird as a Dominant Pied either class 33 or 34 dependant whether a cock or hen.

* Variable class to be nominated on the Show Schedule by each club as required.
